

Additional disinfecting/ cleaning protocols

*** NO LONGER SEEING PATIENTS IN MY HOME OFFICE IN MEDIAPOLIS**

*** As always, I will change sheets, towels, and cloths as well as continue to wash hands between clients!**

Massage Room:

1. We will no longer use a blanket over your sheet.
2. Disinfect oil bottle between each client.
3. Special (coronavirus approved) disinfectant spray on all 'common' areas between every client to include doorknobs, light switches, seats, surfaces etc.
4. UV-C Germicidal Lamp to my massage room for afterhours disinfecting.
 - a. here are a few articles about UV-light: [BBC article](#) and [UV Resources article](#) (this is not a complete list, just a quick internet search)!
5. I have a sanitizing towel steamer (with tongs) for hot towels.
6. Extra vinyl barrier between sheet & bed warmer that can be disinfected.
7. Bandana/masks available for each client if needed.
8. Pillow covers for neck bolster (as well as sanitized between each client).
9. Apron/smock changed between every client.
10. Disinfecting wipes available to use at your discretion in massage room.
11. Clothes hamper in room for apron, towels, masks etc to be placed in IMMEDIATELY upon using.

Common areas:

1. 'Liability Release Form', screening for ALL patients prior to appointment to ensure symptom-free guidelines followed by all.
2. Infrared thermometer check-in for each client.
3. Establish social distancing – only 1 client allowed in office at a time.
4. Removal of all cloth chairs etc from waiting room.

Payment Options:

1. Android/Apple Pay available
2. Invoicing for no-touch/no hassle paying
